

# INITIAL PROVISIONING PACKAGE

Besides supporting existing fleet, AIS also offers:

- Phased out initial provisioning for recommended Spare Parts List (RSPL); for limited and all large Airline fleets such as Boeing, Airbus, Fokker, Bombardier, etc.
- Kit Package for all types of Filters and Fly Away Kit components
- Rental Program for high value items
- Lubricants, Chemicals and Raw Materials
- Consumables and Standard Hardware

Spare Parts

Consumables

APU

Filters

AIS creates “Consolidated Blanket Purchase Orders” based on the Boeing recommended list and stagger deliveries so that the airline would have perpetual inventory without burdening its financial investment.

## **Buyer Furnished Equipment (BFE )**

Sometimes, as the experience of AIS attests, BFE become the critical line for the delivery of the aircraft and create havoc in all directions. This requires on-hand close coordination and they are very hard to remote control due to time zone limitations. Here again AIS will be more than happy to offer our AOG 24/7 service.
